

Mayoral Debate on Social Issues

Why should you attend this important debate?

It is important that social issues are discussed and debated as part of this year's Local Government election. The new Mayor must understand the importance of social issues that concern our grassroots community groups. The forum will be an opportunity to bring key mayoral candidates together to debate on key social issues that are relevant to the future of this city.

That is why we are organising a mayoral candidate debate on social issues.
